What is an Agility Course Test?

Standard Classes

ACT1 is an entry level test that is designed to introduce dog and handler to the agility ring and basic agility obstacles.

- Run a course at any height, 10-12 obstacles.
- Complete the entire course in 60 seconds with a score of 85—no dropped bars, no missed contacts, no more than 3 wrong courses, no more than 3 attempts to complete any obstacle
- A-Frame (5'), table, jumps (no spread jump), tunnels

ACT2 is the second level and designed to further introduce the dog and handler to the agility ring and additional agility obstacles.

- Run a course at any height, 11-13 obstacles.
- Complete the entire course in 70 seconds with a score of 85—no dropped bars, no missed contacts, no more than 3 wrong courses, no more than 3 attempts to complete any obstacle
- A-Frame (5'), table, jumps, spread jump, tunnels, 6 weaves, teeter, dog walk

Jumpers Classes

ACT1J is an entry level test that is designed to introduce dog and handler to the agility ring and basic agility obstacles.

- Run a course at any height, 10-12 obstacles.
- Complete the entire course in 50 seconds with a score of 85—no dropped bars, no more than 3 wrong courses, no more than 3 attempts to complete any obstacle
- Tunnels, bar jumps, panel jump, tire jump

ACT2J is the second level and designed to further introduce the dog and handler to the agility ring and additional agility obstacles.

- Run a course at any height, 11-13 obstacles.
- Complete the entire course in 60 seconds with a score of 85—no dropped bars, no more than 3 wrong courses, no more than 3 attempts to complete any obstacle
